Russians Strike.

Potretog, July 8.—Striking an unexpected blow at the right flank of the Austro-German forces, between the Vistula and Bug rivers, the Russians have administered a check to the German army's efforts to seal Warsaw from the south, according to latest official reports from the front. Russian military experts declare that the crest of Teuton's new invasion of Poland was reached on the heights of Wilkopol, where the Russians, pouring a rain of shells upon the attacking Austro-German troops, repulsed several attacks in succession, finally compelling the enemy to abandon the assault.

The southern slopes Wilkopol heights were carpeted with the Austro-German's dead when the battle ended. The bodies lay in heaped-up rows, where the attacking forces were taken under the Russian fire as they reformed for new assaults.

When the seventh attack had resulted in disastrous failure for the enemy, the Russians took the offensive with the bayonet, and drove the ene-

my back to his trenches, inflicting further heavy losses.

The Russian offensive east of Krasnik was completely stopped. The battle was within about 15 miles of the Latin-Chopin railway, against which the Teuton are striking with persistence.

A New Invention

New York, July 8.—A London correspondent to the Tribune says: According to a famous British scientist, an Englishman has just made a discovery which will revolutionize submarine warfare. He says that the inventor is one of the members of the committee appointed by the Royal society to deliberate on scientific problems as arising from the war.

The invention is an apparatus whereby a submarine can locate another submerged submarine in a radius of 200 miles, and keep in touch with it while within that radius.

If the device is successful, then henceforth British submarines will be able to run down and fight German submarines.

The scientist gave the story as an instance of what scientific men are able to do when attention is concentrated on war problems, predicting that within a few months, as the result of Lord Fisher's appointment as chairman of the naval invention board which will include the cream of British scientists, new discoveries will be made which will astonish the world. This body is intended not merely to investigate inventions submitted from without, but will devote the greater part of its time to seeing what, with constructive thought on its part, science is able to produce.

Big Celebration at Gibbons' Farm.

FINE PROGRAMME ENJOYED BY HUGE CROWD

The celebration of Dominion Day at Gibbons' Farm, south of Bow Island, was a decided success, over one thousand people being present. The temperance lecture given by ex-Mayor Brown of Medicine Hat was listened to very attentively throughout. Mr. Brown is to be congratulated on the masterly way in which he handled the subject, and those present appreciated very much the effort he made in the cause of prohibition.

There was a collection of fourteen dollars taken to defray Mr. Brown's expenses in coming so far. He, however, declined to accept it, and the amount will be used in the interests of prohibition.

The following programme of sports was then carried out:

Junior baseball match, Borden vs. Forty-Mile. Borden won by a score of 10 to 1. Senior baseball, Forty-Mile vs. Elkton. This resulted in a win for Forty-Mile. Score 8 to 7.

Pony saddle race, one-third mile. There were five entries.

Ed. Watzke's Lottie won by a length.

Open Saddle Race, two-thirds mile. Six horses entered. J. Roberts' black Sweetheart won by a nose.

100 yards' dash—R. Henderson, the Elkton wonder.

100 yards' dash, boys—E. Savard.

Girls' race—Margaret Gibbons.

Running broad jump—E. Elford, Elkton.

Bucking contest—M. Murray carried off the prize by riding C. H. Reynard's Indian.

Baseball, Forty-Mile vs. Borden. The game was called at the end of the seventh. There was a dispute in this innings about the score, and the umpire ruled it out, leaving Forty-Mile winners. Score 9 to 8.

Immediately after the sports about one hundred and fifty couples adjourned to the barn and "tripped the light fantastic" to the strains of Faust and Padrowski played by the Conquergood orchestra, until the wee sun's hours of the morning.

Forty-Mile Has a Busy Session.

The meeting of the above Municipality was called to order by Mayor Walker, Present—Councillors Walker, Ambie, Neil, Hanna, Halverson, and Milloy.

Minutes were read and approved as amended.

Motion by Councillor Ambie that two appropriate not more than 25 per cent of total municipal levy for roads to be equally divided among the different townships—Carried.

A communication from the department was discussed in which they stated they would give \$100 towards the building of each of three or four dams to supply water for the settlers.

Messrs. Neil, Hanna and Ambie were appointed a committee to look over the north half of the Municipality, and Messrs. Walker, Halverson and Milloy for the south half.

The same committees were appointed for supervision of roads.

It was moved that the Council give the Canada Ingot Iron Converter Co. tender on the terms offered by them, namely, that they ship converters, and allow five per cent discount until January 1st, 1916 and net price till January 1st, 1917—Carried.

The following bills were passed: 2.50 George Henkel, cutting weeds. 2.50 A. A. Anderson, caretaking. 2.50 Bow Island Review, advertising 15.00 J. G. Robertson, relief supplied. 28.00 M. Gibbons, salary. 100.00

cash advanced. 7.50 Motion that the Council accept G. R. Bowen's offer of \$750.00 for the threshing outfit—Carried.

The agreement with Dr. Poyntz as medical health officer for the south half of the Municipality was again brought up. The doctor has given the Council to understand that he is willing to refund to any resident taxpayer the amount of this special tax providing he is notified at such time that the taxpayer thinks he has the worst of the deal.

The Council then sat as a Court of Revision and heard the following appeals:

The Council then sat as a Court of Revision and heard the following appeals:

Joe M. Diebart, northwest 38-8-12, laid over for further evidence.

Standard Trust Co., s.w. 31-8-12, assessment sustained.

M. E. Johnston, s.w. 30-8-12, reduced to same as 1914.

S. Walderman, s.w. 32-8-11, reduced to \$100. Also the s.w. 31-8-11 to \$2100.

Les Johnston, s.w. 31-8-11, reduced to \$2000.

D. N. Scott, s.e. 10-7-12, assessment sustained.

The following appeals were dismissed:

International Harvester Co., south west 10-7-12.

John Stokke, all 27-12.

A. A. Wolf, south half 20-9-11.

H. E. Michels, north half 8-9-12.

Motion by Councillor Hanna that the secretary be empowered to pay the whole fifty per cent of their present requisition when funds are available—Carried.

Estimated expenditures amounting to \$2700 were tabled, also the new tax roll showing a total assessment of \$5,380.00.

Upon motion it was decided to strike a rate of one mill for municipal purposes.

The Council then adjourned to meet on July 17.

Farmer Charged with Sedition.

R. H. McLean, a farmer living south east of Bow Island, was charged on Tuesday before Justices Brown and Bell with having made seditious utterances.

Sergeant Aske of the R.N.W.M.P. presented.

Evidence for the prosecution was furnished by Chancey Morey, and his wife, son and daughter, the evidence of each being practically the same. The witnesses testified that McLean in the course of a conversation that took place at Morey's house said "he would take off his hat to Germany, and that he sympathized with Germany and would do so as long as there was a bit left."

In his summing up, Justice Brown reminded the accused of the oath he had sworn to when becoming a British subject, viz., "and that I will do my utmost endeavor to defend and make known to His Majesty, His Heirs or Successors, all treason or traitorous conspiracies and attempts which I shall know to be against Him or Her Majesty, and that I do swear." The Justice intimated that he believed there being a king of no man to the evidence of the witness, and in view of this, and also owing to the fact that there being no corroboration of the family evidence, with a warning to the accused the case was dismissed.

Maleb.

The Little Plains Sunday School is having a basket picnic in the Coulee the 11th. A good time is anticipated.

The First of July celebration held on Gibbons River farm was quite a success. There was a large crowd and a big crush at the barn dance in the evening. The Forty-Mile ball team made a name for themselves as they won most of the ball games.

Mr. Brown of Medicine Hat gave a fine ten-piece orchestra to the celebration. A collection was taken up and nearly fifteen dollars was raised for the temperance cause. We believe it was handed over to the local society at Bow Island.

Miss Daries left Saturday for her home in Quebec, after spending a month with her sister, Mrs. C. H. Heyman.

Mrs. L. N. Sewell returned home from Foremost Friday, where she spent a few days with her baby Nita under the doctor's care. The baby is now progressing nicely.

Mr. A. Stephens is home from Macleod. He intends staying until harvest.

Mrs. Helen was visiting with Mrs. M. L. Hosen Saturday last.

Miss J. M. Gibbons with her husband left Saturday for her home in Saskatchewan.

Mr. J. Neil is spending a long holiday.

Mr. L. N. Sewell and C. Mory had a lawn tennis with Mr. Tunsall last Saturday. Mr. Tunsall was fined \$17.50 for assault and profanity in the presence of children. We hear he is appealing the case.

Mrs. A. Gibbons and daughter from Lethbridge visited at her mother's, Mrs. B. Gibbons, over the First.

Mr. Buchanan, M.P., of Lethbridge, and Mr. R. V. Gibbons were through Maleb Friday.

The Clover Leaf Young People's class of Little Plains Sunday school met at the home of their president, Miss Alma Dragland, on Wednesday last for one of their social evenings.

Mr. B. C. Hosen, who has been visiting her mother, Mrs. S. J. Henry, returned to her home in the States on Tuesday.

Mrs. F. and Mr. and Mrs. W. S. Henry were in town on Tuesday to see their sister off.

Messrs. Geo. Neil, H. Gibbons, B. B. Hosen and J. N. Gibbons were in town Tuesday.

Crops are looking fine in our district. The spring wheat is heading out.

Newdale.

It was a shock to our community to hear of the sudden death of Mrs. Joe Besume. She had undergone an operation in the Lethbridge hospital and seemed getting along nicely, when pneumonia set in and she died June 29th, being buried at Lethbridge on June 25. She leaves to mourn her loss four sons and two daughters. The only sister of Mrs. Besume is Mrs. Mabel Bister of Winnipeg being the only one married. They all have the sympathy of friends and neighbors.

Miss H. Davis visited at the Riste home on Saturday last.

Mrs. Riste started a music class in Winnipeg last Saturday, July 3rd.

Lightning struck the home of Mr. John Kessler one day recently, and gave Mrs. Kessler a shock that took her a week or more to get over. She is even yet a little hard of hearing. The house was not damaged much and no one else hurt, even though the children were in the home.

Some from here attended the Prohibition celebration at Gibbons' farm. A good time is reported.

Grandma Parrall and son Will have returned from a week's visit to relatives north of Winnipeg.

The Parrall family recently spent an afternoon visiting the home of Mr. Dan Peterson.

Sunnyvale.

Rev. A. W. Swayne delivered his farewell sermon in the Mission church here Sunday, July 1th. A number of persons from a distance were in attendance, which, along with the regular attendants, filled the church. We regret very much having to say goodbye to one who has become so closely associated with us in our material welfare as well as in our spiritual uplift. We wish him Godspeed on his journey to England and shall be sure to send him our best wishes as he sails on his last voyage to his native land.

When you pull down the town in which is your home, you are pulling down yourself, and when you build up your town, you are building up yourself and your neighbors. Try and build up your town and the mistakes that all good things are away off in some other locality. Give your town the praise it can legitimately bear. It certainly will do you no harm and will cost you nothing; and above all, it will put your home in a better position in the printing office.

There is a habit and a delusion among a large number of our people to go to some nearby town or city to shop, believing that they can purchase cheaper. Coming to think, these good people may be puzzled by their own thoughts. Please, reckon your outlay and time, if the latter is worth anything. If our town merchants try to seek you, you have nothing to give of course you are justified to go elsewhere. But first find out by getting prices and see what your home needs have.

Berries are plentiful this year and everybody is taking advantage and laying in a good supply.

Sunday Evening took tea with Mr. T. B. Haden Sunday evening.

Mr. Almon Grogan's wheat was all out last Saturday, July 3rd.

Mr. Tippett of Newdale spent Sunday at Mr. J. Rushworth's. Mr. Tippett had the misfortune to lose a tire and lost last week.

day evening last. Mr. Swayne with his sister leaves for England on Thursday next.

Rev. M. L. Wright of Wetaskiwin will give an address this evening in the Presbyterian church. Subject: "The Liquor man's defence."

Under the auspices of Delta Loyal Orange Lodge a picnic will be held at Werts farm, east of town, on Wednesday, July 14. A full programme of sports. Rev. M. L. Wright will give an address during the day. The proceedings start at ten a.m. and everyone is requested to take a basket.

The third annual picnic of the Winifred Agricultural Society will be held on Friday, July 10 on the society's grounds at Winifred. The following will give addresses:—Nelson Spencer, M.P., Dr. Boyd, B. Dorr (Mayor of Redfield), Hon. C. R. Mitchell, M.P., and W. A. Buchanan, M.P., Chairman, R. A. Parker. There will be a big program of sports. For any further information write Dr. McDougall, president, or J. Christopherson, secretary.

Rev. A. W. Swayne took his corps of boys scouts into camp at the river this week and gave them such an interesting time that they were exceedingly loath to return. Wednesday furnished the most exciting event of the week, when the whole corps descended in strength upon a den of rattlesnakes, who had had the temerity to remain not far from the scout camp. The attack resulted in the death of two rattlers and one bull snake. The other part of the week was taken up with swimming and diving, and numerous duties connected with scout life.

Supt. Fairfield of the Lethbridge experimental station has completed arrangements for a farmers' excursion from points on this line to the farm on Thursday, July 15. A special train will run leaving Medicine

hat at seven o'clock and returning leave the farm at 4:40 in the afternoon. The time and fare from Winifred will be \$3.00 and \$1.75; Bow Island \$3.50 and \$1.00; Bardett \$3.00 and \$1.40. Every arrangement will be made at the farm for the convenience and entertainment of the visitors. Farmers are requested to take lunch with them.

If this year's excursion is successful it will be made an annual affair.
